President's Message January 2011

Can you believe it? 2011! How did that happen? Well there is not much we can do about it now so let's make the best of it. If your camellias are not blooming yet you definitely need to add a couple of early blooming varieties. And be patient because we are approaching peak blooming season.

The next 3 months are **FULL** of great camellia opportunities. Many will be highlighted in this newsletter but let me tell you about them as well so you can get them on your calendar.

- 1) Our regular club meeting is January 18th and will include election of new officers and board members.
- 2) Our field trip to the home and greenhouses of Jim and Elaine Smelley is scheduled for Wednesday January 19th. Their indoor camellias should be in full bloom.
- 3) The annual camellia workshop and sale is on Saturday January 29th at the YMCA on Langley Ave. We will be doing some club grafting along with air layering demos. This is also a perfect time for you to try grafting with the help of some experienced grafters. There will also be lots of scions available. It's a fun morning.
- 4) The annual Camellia Club Banquet is on Tuesday Feb 15th at the Yacht Club. Bring three blooms to enter in the mini show. The guest speaker is Rick Scott and everyone who attends gets a free new Chevy. (That's not true --- just hoping for good attendance --- and testing to see who knows who our governor is). It is a fun evening.
- 5) The annual garden tour is on Saturday Feb. 19th. There are four gardens on the tour. More details to follow.

6) Last, but certainly not least, is our new, more casual, camellia show and sale just for the local community, on Saturday March 12th at the Garden Club on 9th Ave. Everyone will have camellias in bloom so everyone (you and your neighbors) can bring some blooms to the show. This show is especially for those who usually don't participate in shows. I and other more "obsessive" growers (counseling and therapy has not helped) will be the judges and we will bring some blooms for display but not enter them in the show. We will also have experts available to help identify the names of camellias for you and your neighbors. **PLEASE PARTICIPATE SO THAT THIS CAN BECOME AN ANNUAL COMMUNITY EVENT.**

See I told you there is lots to do.

Skip Vogelsang, club president
