

Our Pensacola Camellia Club 2018-2019 season starts with a picnic.

Please join us on Tuesday August 21st at the Garden Center starting at 6:00 pm, buffet opens at 6:30pm.

If you did not RSVP at our last meeting in April, please do so by calling T. Morris at 850-476-4080. We need to have a correct count for ordering the fried chicken that the Club buys. Please bring a side dish or dessert of your choice to share.

The 2018-2019 Camellia Season is packed with events! We are hosting the GCCS conference in October, have the PCC Annual Camellia Show (to include garden tours) at the UWF Conference Center with in December, grafting trip to Jim Smelley's in January, and many more events.

We have many talented members in our club and appreciate any way you can assist. Below is a list of ideas for you to review, if you'd like to get more involved. Please reply to this email or talk to any board member at the picnic if you have questions or an interest in helping out with this season's events.

You can assist with:

- *Calling our 19 members without email of short notice events*
- *Taking photos at PCC events for our newsletter (Editor, Louise Seitz)*
- *Writing articles for the newsletter or for publicizing our PCC events*
- *Advertising to help spread the word about our events with everyone you meet with our new Club business cards (these will be available at the August picnic and at our monthly meetings)*
- *Letting us know if you have a business that can advertise our events*
- *Speaking to a group at a school, assisted living location or library about camellias, our club, and upcoming events*
- *Making treat bags for the December Show judges*
- *Selling plants at the Palafox Market downtown on a Saturday*

These are just a few ways you can help out that would be greatly appreciated by your PCC Board.
